I am writing this letter on behalf of Michael Oster of Mammoth Restoration. I have known Mike for well over 10 years, and would highly recommend Mike and Mammoth as a proven and trusted contractor. In my duties I have overseen over one million square feet of buildings serving thousands of residents on our growing campuses. In that time frame we have occasionally experienced some unfortunate water and fire losses which required the services of a restoration company.

Mammoth provided a quick and professional response each and every time they were summoned. They were proactive in mitigating the loss and preventing any further damages. I appreciate Mammoth as a resource, and while I hope I do not need their services in the near future, I would not hesitate to call them when needed. I highly recommend this organization.

Feel free to reach out to me if you would like additional information.

Thank you.

Sincerely,
